

HUSQVARNA 520iRX SKIN ONLY

A lightweight and high performance bullhorn trimmer for professional users. Perfect for gardeners, landscapers and contractors. Features excellent ergonomics and balance, 2-way rotation trimmer head and long-lasting brushless motor. Comfortable harness included.

Efficient brushless motor

Our in-house developed, advanced brushless motor is 25 % more efficient than a standard brush motor. This means that the motor provides a high and consistent torque – even when you cut high, thick or wet grass.

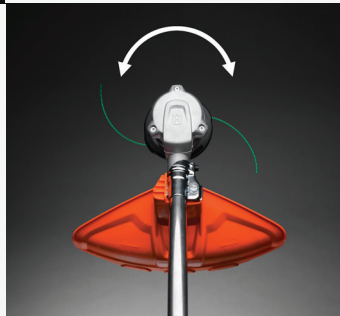

Battery Through Body Design (Pat. pend.)

The battery is placed horizontally through the machine to reduce the risk of dirt, water, chips and dust getting into the battery compartment, causing connector issues. Also, it enhances the weight distribution and balance of the tool, making it more user-friendly with increased maneuverability. The through body design also offers a high degree of flexibility since it allows battery packs of different sizes to be used.

Dual direction

The rotational direction of the trimmer head can be changed for less grass on walk ways.

High handle bar

High handle bar increases freedom of movement when working on slopes.

FEATURES

- Dual direction, less grass on walk ways
- The battery is placed horizontally through the machine to reduce the risk of dirt and water getting into the battery compartment.
- In-house developed brushless motor
- High handle bar, more leg space
- Fulfils the IPX4 classification for rain resistance, so you can get the job done in all weather conditions.
- For optimum load distribution
- Lightweight and well balanced for a comfortable work situation
- Intuitive keypad for easy operating
- Maximum runtime
- Able to be used in all Husqvarna battery tools, our lithium-ion batteries are durable, easy to swap and recharge quickly
- SavE™ mode maximises the run time by lowering the rpm and is ideal for tasks that do not require full power.
- Low noise levels create pleasant work and enable longer working hours even in the most public settings.
- With Tap'n Go, line feeding is done effortlessly by simply pushing the trimmer head into the ground.
- Less parts to serve and an electronically controlled drive system means less downtime and low operation costs.
- This product does not emit CO₂ emissions during use.

Technical Specifications	
BATTERY	
Battery	No
Battery type	Li-Ion
Battery voltage	36 V
Number of batteries included	0
DIMENSIONS	
Article gross weight	6944 g
Article net weight	4550 g
Cutting width	40 cm
Tube diameter	24 mm
Tube length	970 mm
Weight (excl. battery and cutting equipment)	3.8 kg
Weight (excl. battery)	3.8 kg
ENGINE	
Motor type	BLDC (brushless)
EQUIPMENT	
Handle type	Bullhorn
Grass blade	Grass 255–3
Harness	Balance 35B
Trimmer head	T25B
Connectivity	Corded
LUBRICANTS	
Power/fuel type	Battery
MATERIALS	
Master pack: Paper material	0 g
Metal total	0 g
Paper material total	2000 g
LDPE (04) foil	5 g
HDPE (02) total	0 g
PET (01) total	0 g
Plastic foil total	5 g
Plastic rigid total	0 g
Plastic total	5 g
PS/EPS/HIPS (06) total	0 g
PACKAGING	
Packaging height	291 mm
Packaging length	1850 mm
Packaging volume	113.59 dm ³
Packaging width	211 mm
Quantity in Master pack	1
SOUND AND NOISE	
Sound power level, guaranteed (LWA)	96 dB(A)
Sound power level, measured	92 dB(A)
Sound pressure level at operators ear	76.1 dB(A)
VIBRATIONS	
Daily Vibration (Aeqv)	0.8 m/s ²
Daily Vibration Exposure (A8)	0.7 m/s ²
Daily Vibration Time (Time factor)	3.0 h
Equivalent vibration level (ahv, eq) left handle	1.2 m/s ²
Equivalent vibration level (ahv, eq) right handle	0.7 m/s ²
