

# Husqvarna 525iRXT

Husqvarna 525iRXT is a robust, high-performance professional battery brushcutter. Lightweight, well-balanced and power equivalent to a 25cc petrol machine. Designed for full-time use, this cordless electric brushcutter delivers the performance you need with a brushless, E-TORQ motor and 46 cm cutting diameter. You operate it easily and efficiently with the intuitive keypad and ErgoFeed trimmer function. The anti-vibrated high-tower bullhorn handle improves your working comfort also in slopes. Integrated connectivity for easy connection to digital services. Battery and charger not included.

## Flexible BLi-X Battery System

The high performing BLi-X 36V battery system offers a wide range of options, from lightweight integrated- to backpack batteries. The batteries within our 36V system are built to be used over a long time, are quick to recharge and even quicker to swap for continuous use. Our BLi-X battery system allows flexible use in different Husqvarna tools. You will always find a tailored battery solution that perfectly suits your task at hand.

## Integrated connectivity

Machines with a built-in connectivity module can easily be connected with Husqvarna Fleet Services™. Allowing you to see each machine's last known location, its usage stats and service history – and much more. This also facilitates updates of the machine's firmware, so that it's always compatible with the latest functions in Husqvarna Fleet Services™.

## Outstanding cutting capacity

The unique, Husqvarna developed high torq motor combined with the outstanding cutting diameter provide highest capacity.

## ActiveCool

Husqvarna ActiveCool enables efficient cooling of the battery, both during charging and discharging. Thanks to the active cooling system your battery powered product remains fully productive, also in demanding conditions while the lifetime of your batteries prolongs.
